

### **An AEO-F-certified business partner you can trust**

Schiwa has been granted certification by the customs authorities for European Union AEO F status and the US C-TPAT standard. It's guaranteed that you'll be working with a reliable and trustworthy business partner whose entire production and supply chain operations are assured of compliance with EU regulations and those of the German customs authorities.

### **Customs-cleared reliability**

Dipl.-Ing. Schindler & Wagner GmbH & Co KG has been comprehensively and successfully audited by the customs authorities, who have confirmed that the company is compliant in respect of all customs security and safety standards. As a result, the Stuttgart Principle Customs Office granted Schiwa certification as an "Authorised Economic Operator - AEO F" (DE AEOF 109023).

### **Simplified imports and exports**

As an Authorised Economic Operator, Schiwa enjoys particular benefits in its international shipping activities. Goods are shipped faster, with greater transparency and more efficiently by means of the simplified customs procedures.

## **Recognition in the USA**

Dipl.-Ing. Schindler & Wagner GmbH & Co KG also meets the requirements for the US equivalent of AEO certification. The C-TPAT (Customs-Trade Partnership Against Terrorism) Standard simplifies the traffic of goods with the United States. As a customer or as a partner, you'll benefit from this.
